ASSET & PROPERTY MANAGEMENT

In addition to project development, we also act as asset and property managers – both for our existing properties and for commercial properties outside our portfolio.

Our diverse range of asset and property management services includes commercial and technical services as well as reporting.

We would be happy to take on the management of your commercial property!

- ✓ Control and organisation of building management
- ✓ Recommendation and implementation of value-enhancing measures
- ✓ Development of property strategies and investment plans
- ✓ Awarding of contracts for maintenance and upkeep
- ✓ Warranty and damage management
- ✓ Drafting of tenancy agreements and rental prices
- ✓ Rent management + service charge settlement
- ✓ Quarterly inspections and reporting
- ✓ Tenant acquisition and support
